### The following information is specified for each TV channel:

Channel name / Channel code / Channel country / Country for which royalties are distributed / Related royalties category / Remuneration indications by distribution country:

**- A = Automatic remuneration**

Broadcasts on these channels will be automatically remunerated provided you have declared the work/title with AGICOA.

**- C = Remuneration on request submitted by the Rightsholder**

These related channels, which generated limited royalties, are remunerated only upon a specific request from the Rightsholder and provided the work/title has been declared with AGICOA. The demand must explicitly provide AGICOA with the following information: broadcast channel, date, time, duration and title of the broadcast claimed.

## TV CHANNELS USED FOR ROYALTY ALLOCATIONS / CHAINES UTILISEES POUR LES REPARTITIONS DE ROYALTIES

AGICOA allocates the totality of the collected royalties to individual rightsholders on the basis of a representative sample of TV channels retransmitted in each country (the sample has been chosen in order to reduce distribution costs, whilst being representative). / L'AGICOA alloue toutes les royalties perçues, entre des ayants droit individuels, sur la base d'un échantillon représentatif de chaînes TV retransmises dans chaque pays (cet échantillon représentatif a été déterminé afin de réduire les coûts de distribution).
